ENROLLMENT BOOKS ARE EXPECTED HERE

AND WILL BE DISTRIBUTED TO VARIOUS CLUBS IN COUNTY

MEETING FRIDAY

Of Executive Committee At Which Time Enrollment Committee Be Appointed

The enrollment books for the various clubs of Anderson county are expected to arrive here from Columbia not later than Friday of this week, and will be distributed by the secretary of the executive committee, to the officials of the various clubs as soon as they get here so that the clubs may open the books for enrollment on Tuesday next as provided by the rules adopted at the convention in Columbia.

Mr. C. E. Tolly, county chairman, has issued a formal call for a meeting of the county executive committee tomorrow at 10 o'clock and announces that the clubs are to begin enrollment under the party rules, on Tuesday.

Every democrat who expects to vote in the primaries this year must enroll anew this year. Each applicant for enrollment according to the rules must in person write upon the club roll his full name and immediately after his age, occupation and post office, and if in a city or town, must write the name of the street and the number of the house in which he resides. If the name be eligible, the secretary of the club is to write the name beneath the signature of the applicant. In the event of the inability of the applicant to write, he may make his mark up on the roll, witnessed by the secretary and the secretary is to fill in the other requirements.

The executive committee on Friday is to appoint an enrollment committee for each club. This may consist of the secretary and county committeeman and a third member to be designated by the county committee.

The enrollment books close on the last Tuesday in July, and within three days after this closing each secretary is to transmit the original roll to the county chairman, who is to have made immediately a certified copy of the roll and file it with the clerk of court for public inspection at all times.

FARMERS SHOULD MAKE PLANS TO WAGE FIGHT AGAINST BOLL WEEVIL

Frequently of late mention is made of what the farmers should do to prepare for the coming of the boll weevil, and this is as it should be, for the boll weevil is undoubtedly coming. Some few may doubt it but nearly everyone who reaches the age of accountability can remember when the Colorado beetle or potato bug was unknown here, now they are well established and a crop of Irish potatoes cannot be raised successfully without a fight with them.

The farmers are more awake to the necessity of being prepared to combat the boll weevil with diversification than the towns. You may ask "What has the boll weevil got to do with the towns?" A little reflection may give you the answer.

Most towns in the south are dependent on trade for their growth and upkeep and have few industrial plants aside from cotton mills. The only outside money that comes in is from the manufactured cotton goods sent out and from the raw cotton sent away. When the boll weevil reduces the cotton crop, it strikes at both of these sources of money.

No community can grow and increase in wealth by merely swapping dollars among its own people. It must increase the balance of trade in its favor by sending away more products than it brings from abroad.

With the risk of being called "a knocker," I will say that Anderson is poorly prepared to meet the boll weevil in that we have but a very limited number of small manufacturing plants. What we need is not more stores and business houses, but more enterprises, small or large, that will take home material, manufacture it and send it out to bring money from the outside. When this is done we will cease to be merely a commercial center and the weekly pay-rolls of these industrial plants will increase the wealth of the town by reason of the fact that the money thus paid out will come from the outside.

Negro Prisoner.
Frank Young, a negro prisoner in the county jail, is quite ill and his life has been despaired of. He has been suffering from pneumonia for some time and this is the cause of his illness. Although he has received the best medical attention from the jail authorities and a leading physician, the doctor states that he does not expect his patient to get well. Young was sentenced to one year for forgery at the last term of court.

Funeral Notice.
The friends of the family and relatives of Mrs. Annie Smith are invited to attend the funeral services which will be held this afternoon at 4 o'clock at St. Luke's Methodist church.

"Frankly,
You Fellows
Have Accomplished
Wonders in Suits
at \$15 and \$20"

said one of the most substantial and progressive business men in the county in this store Wednesday. "I have been reading your ads in the Anderson newspapers and came in here today for a show down. You've got the goods and I like the way you show 'em. I have bought not only one of your Alco \$20 Suits but a full outfit of that Cooper underwear, which is the best I have seen anywhere, and a good sprinkling of Emery Shirts—they're all better than you claimed."

And that man is but one of the hundreds of pleased customers this store has on \$15 and \$20 Suits, Underwear and Furnishings. Here's the reason:

We have put clothes at these prices on a higher plane and we have embraced in the selections of fabrics, designs and colors a range of choice never heretofore shown in any selection at \$15 to \$20. And in Underwear and Furnishings we refuse positively to accept anything but the best—both in materials and in finish.

Come here with your Summer outfitting wants, we can show you more in a minute than we can tell you in a week—and we can save money for you, too.
